

PowerPro Electrical - Knowledge Pack

Updated: 2025-09-27 16:12

Company Basics

- Phone: (555) 123-4567
- Hours: Mon–Sat 8:00–18:00, Emergency 24/7
- Service Area: Downtown, Northside, Eastview
- Licenses & Insurance: Up-to-date; permits handled for panel work

Services

- Repairs: outlets, switches, lighting, breakers, diagnostics
- Installations: lighting, outlets/switches, smart switches, dedicated circuits
- Panel Work: upgrades 100A→200A, breaker replacement
- Safety: GFCI/AFCI install, inspections, code corrections
- Emergency: 24/7 electrical only (not HVAC/plumbing)

FAQs

- Do you install GFCI? Yes — kitchen, bath, outdoor; typical 45–90 min.
- Do you upgrade panels? Yes — permits included; typical 1 day.
- Do you serve my area? Downtown, Northside, Eastview; emergency 60–90 min.

Troubleshooting & Safety

- 1) Check breaker for trips and reset once.
- 2) Test GFCI Reset/Test in kitchen/bath/outdoor.
- 3) Flicker: tighten bulb, check fixture.
- 4) Burning smell/sparks: turn off main breaker; call emergency line.
